Rules and Regulations

Each foursome competes as a team for the BEST SINGLE GROSS SCORE for the 18 holes. **Men tee off from Gold tees. Women tee off from Red tees.**

1. Play begins when you arrive at your assigned hole. Each member of the foursome tees off.
2. If a group only has three members, they get 4 shots. Rotate the fourth shot between the three players.
3. The group decides which is the most desirable drive. The other three players then pick up their ball and proceed to the location of the best drive where they each play the second shot.
4. On the fairways, place all balls within one club length (not closer to the hole) of the best ball selected for play. The best of the four second shots is selected where all players in the foursome's third shots are played. This procedure is continues until the ball is holed out.
5. On the putting green, each member of the foursome must putt before anyone hits their second putt. When a putt is made, the remaining players do not putt.
6. At the end of each hole the score for the foursome is recorded on the scorecard.
7. In sand traps, each ball must be played from where the original ball landed. Rake the trap after each shot.
8. The order in which foursome players hit can be varied according to the strategy the team wishes to employ.
9. Turn in your scorecards upon completion of the round.
